Computer science for business -  
Student

fidaahammoud2003@gmail.com

(+961) 71755701

Beirut, Lebanon

I am a recent graduate with a degree in Computer Science for Business from Saint-Joseph University of Beirut (USJ). My passion lies in developing high-quality code that aligns with business needs, and I am eager to continually learn and implement new technologies. Currently seeking a full-time position in web development, where I can leverage my academic knowledge and technical skills to contribute to innovative projects. My goal is to apply my classroom learning to real-world scenarios, delivering impactful solutions while furthering my professional growth in a dynamic development environment.
