I am a software developer with a Bachelor's degree in Computer Science from Saint Joseph University of Beirut (USJ). I am passionate about writing high-quality code and eager to learn new technologies. I am seeking a full-time position as a full stack developer to leverage my academic knowledge and technical skills. My goal is to apply my learning to real-world scenarios, delivering impactful solutions and growing professionally in a dynamic environment.

EDUCATION

Computer Science
Saint Joseph University of Beirut - USJ
09/2021 - 07/2024   *Beirut, Lebanon*

High school - Life science
Riad El Solh
09/2020 - 08/2021   *Beirut, Lebanon*

PERSONAL PROJECT

Creation a Recipe Sharing Platform
Features:

Achievements/Tasks

- **User Authentication:** Implementing registration and login via email/password.
- **User Profiles:** Allowing users to create and modify profiles.
- **Recipe Management:** Enabling users to add, edit, and delete recipes with detailed information.
- **Interactivity:** Including features such as liking, commenting, rating, and saving recipes, with notifications for user interactions.
- **Search and Navigation:** Allowing users to search recipes by tags, ingredients, keywords, or category, with sort and filter options available.
- **Admin Panel:** Managing content and user interactions using Open Admin.

Technology Stack : Website (React), Mobile App (React Native), Admin Panel (Open Admin).

COURSES AND EXPERIENCES

Have a good experience with information technology through building websites on the Internet (web programming technique).

Develop dynamic web pages with JavaScript and Ajax using the notions of sessions and applications.

Developed and maintained Java web applications using object-oriented programming principles and design patterns, such as the Singleton, Factory, and Observer patterns.

Internship at ProfitIsle (07/2023 - 09/2023)
Unit Testing / Integration Test: Conducted unit and integration tests using JUnit and Selenium. Developed test cases to ensure code reliability and collaborated with developers to identify and resolve issues.

SKILLS

Communication   Technical   Teamwork

Time Management   Adaptability

TOOLS AND PROGRAMMING LANGUAGES

Visual Studio Code

Android Studio - Mobile application development

Intellij IDEA

Linux - Ubuntu

Eclipse

UX - Figma
